

Willow

Mulga Shade Product range is sampled into several collections.

Willow – The pioneer collection of Mulga Shade, compost of natural weaves of Bamboo, Bark, Wood, Jute, Linen and Reeds. The materials in this collection are robust and will provide excellent insulation against heat and UV light. The partial translucent material will achieve adequate daytime privacy.

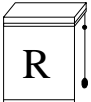

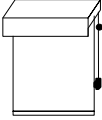

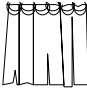

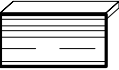

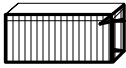

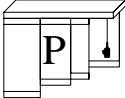

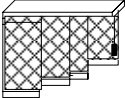

Oriental Garden – Natural fibres of Bamboo, linen, cotton and reeds woven into luxurious sophistication.

Cocoon – Sumptuous and precious soft fabrics such as Hemp, silk and Linen

Sun Kissed – Textured and practical, sheer and block out man-made material for easy, everyday living.

We Made It For You By Hand... We hand selected your fabrics. With time honored skills and craftsmanship, we create your blinds to your specification, so you may enjoy them for years to come.

The following styles are appropriate for this range of Fabrics; however, they are predominantly designed for indoor use and not suitable for excessively damp areas without ventilation. Some restrictions may apply.

Panel Glides		P Panel Glide Track Sold Separately		Panel glide With Backing Track sold separately		

Warning. . . .This collection consists of mainly natural fibres, thus they display natural and unique characteristics. No two pieces are identical. They may differ a little in colour and shades and they will respond to your use and other environmental conditions. As the seasons change, they may become out of square, this can be easily straightened with a firm hand. We do not guarantee an exact match comparing to samples and final products, due to the characteristics of natural hand-made materials.

Our natural fabrics have a mind of their own, and this is as individual as it is beautiful. Please choose carefully to avoid mismatched expectations
